

*B*ijan Sartipi has been with the California Department of Transportation for over 32 years serving in a number of high profile engineering and management positions. He has been the District Director for District 4 since 2002.

As District 4 Director, Sartipi is responsible for managing the day-to-day operation of state highway systems in the nine Bay Area counties covering 6,500-lane miles of highway, with close to 3,300 employees, an annual budget of \$500 million for salary and operating expenses, and a current construction program exceeding \$4.8 billion.

A graduate of the University of the Pacific in Stockton with a degree in civil engineering, Sartipi has extensive experience in design and program/project management as well as capital program delivery.

Sartipi has been involved in the design, development, delivery or management of major transportation improvement projects in the Bay Area, such as the I-580 Freeway, the I-80 operational improvement project, improvements on the U.S. 101 auxiliary lanes, the Devil's Slide tunnel project, the Central Freeway project, the San Francisco International Airport expansion project's ramps and roadway improvements, Caldecott Tunnel, Doyle Drive/Presidio Parkway, Marin Sonoma Narrows, Jameson Canyon and other major transportation infrastructure improvements in the Bay Area.

Sartipi has managed to successfully deliver 100% of all Capital Improvement Projects in the Bay Area each fiscal year for the last 7 years, for a total of 406 projects valued at over \$5.1 billion. He has also led successful responses to major emergencies such as the collapse of the MacArthur Maze, the Russian River Bridge, tanker truck fires in San Mateo and Alameda plus numerous other regional emergencies.

Sartipi serves as a Commissioner of the Metropolitan Transportation Commission (MTC) the regional planning organization representing the California State Transportation Agency. Sartipi also serves as a Commissioner of the Bay Conservation Development Commission (BCDC), as an ex-officio member of the board of directors of the Transbay Joint Powers Authority (TJPA), a member of the AC Transit BRT Policy Steering Committee, and the Bay Area Joint Policy Committee. Sartipi is a registered Professional Engineer and a member of the American Society of Civil Engineers (ASCE).
