**Program for Arterial System Synchronization (PASS)
Call for Projects and Program Guidelines FY 2022/23 Cycle**

Questions and Answers Document No. 1

Q1: How much funding is available under this program?

A1: Approximately \$2.5M in funding is available for the FY 2022/23 Cycle.

Q2: What range of funding amounts have been awarded in the past?

A2: In past PASS cycles, awards have ranged from approximately \$30,000 to \$300,000. Typical award amounts have been between approximately \$50,000 and \$150,000. However, projects are scalable and, with the exception of the FY21/22 cycle, prior cycles had less funding budgeted (typically \$1M) and often funding constraints on the amount awarded.
