

## Next Generation Bay Area Freeways Study: Study Timeline and Advisory Group Composition

### Study Timeline

The study includes ongoing engagement with two advisory groups, one-on-one meetings with various stakeholders, two rounds of community engagement, two rounds of technical analysis and an initial assessment of operational deployment to develop and refine pathways (i.e., combinations of pricing and complementary strategies).

### Advisory Groups

Staff is working closely with an eighteen-member staff-level Advisory Group that brings together diverse interests:

#### Non-government (10):

- Non-profit / advocacy (2)
- Community representatives (2)
- Business interest (2)
- Labor interest
- Freight interest
- Academia [professor/student] (2)

#### Government (10):

- Caltrans HQ (2)
- Caltrans District 4 (2)
- Alameda CTC
- San Francisco CTA
- Santa Clara VTA
- Solano TA
- Contra Costa TA\*
- San Mateo C/CAG\*

\* Members added in February/March 2023

The Advisory Group is complemented by a ten-member Ad Hoc Exec Group that mirrors the membership of the staff-level Advisory Group at the executive-level.
