

You're Invited: Regional Mapping & Wayfinding Debut

Thursday, December 12, 2024
3:30 p.m.

El Cerrito del Norte BART station, 6400 Cutting Blvd., El Cerrito, CA 94530

On Thursday, December 12, Bay Area transit agencies and the Metropolitan Transportation Commission (MTC) will host a press event and tour showcasing the new test transit maps and signs at El Cerrito del Norte BART station.

Transit riders will be able to engage with the test materials during their journeys and share with MTC their ideas about how to make new signs and maps work better for them. This public feedback will help MTC and Bay Area transit agencies improve designs to make traveling by transit more intuitive and convenient.

About the project

The Regional Mapping & Wayfinding Project, a partnership between MTC and Bay Area transit agencies, will redesign and harmonize maps and signage across all nine Bay Area counties to help people navigate transit more easily. Learn more about the project at mtc.ca.gov/MappingWayfinding.
