

# ERP Program Update

## Administration Committee

June 12, 2024

# ERP Implementation: Approach

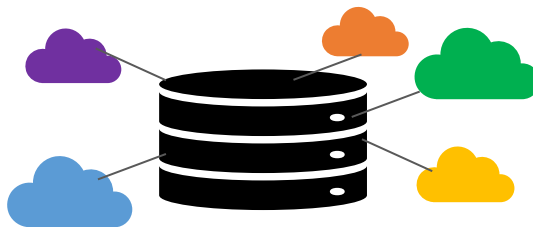

## Where we're going

### Current: Siloed applications

- Poor user experience
- Manual processes
- Productivity gaps

### Future: Enterprise Resource Planning System

- Centralized and automated system
- Consistency and transparency in data
- Streamlined processes & agencywide focus

### Program Objectives

Single source of truth

Increased control, transparency, & accountability = decreased risk

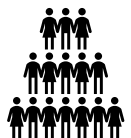

Cross-functional collaboration and decision-making

Adaptable to changing needs

## How we get there

Program governance & management  
Change Management & Communications  
Data Strategy

### Discovery

Business goals  
Digital transformation vision

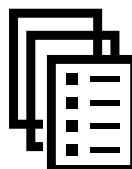

### ERP Strategy

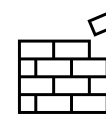

Transformation roadmap

### Software & System Integrator Procurements

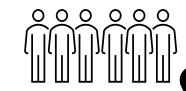

### Phased Implementation

Organizational & data readiness  
Quick wins  
Incremental value

### Operations & Enhancements

Manage, adapt, & innovate

# System Integrator Procurement

## Objective

Select the best System Integrator to implement Oracle's ERP solution for MTC's public sector needs.

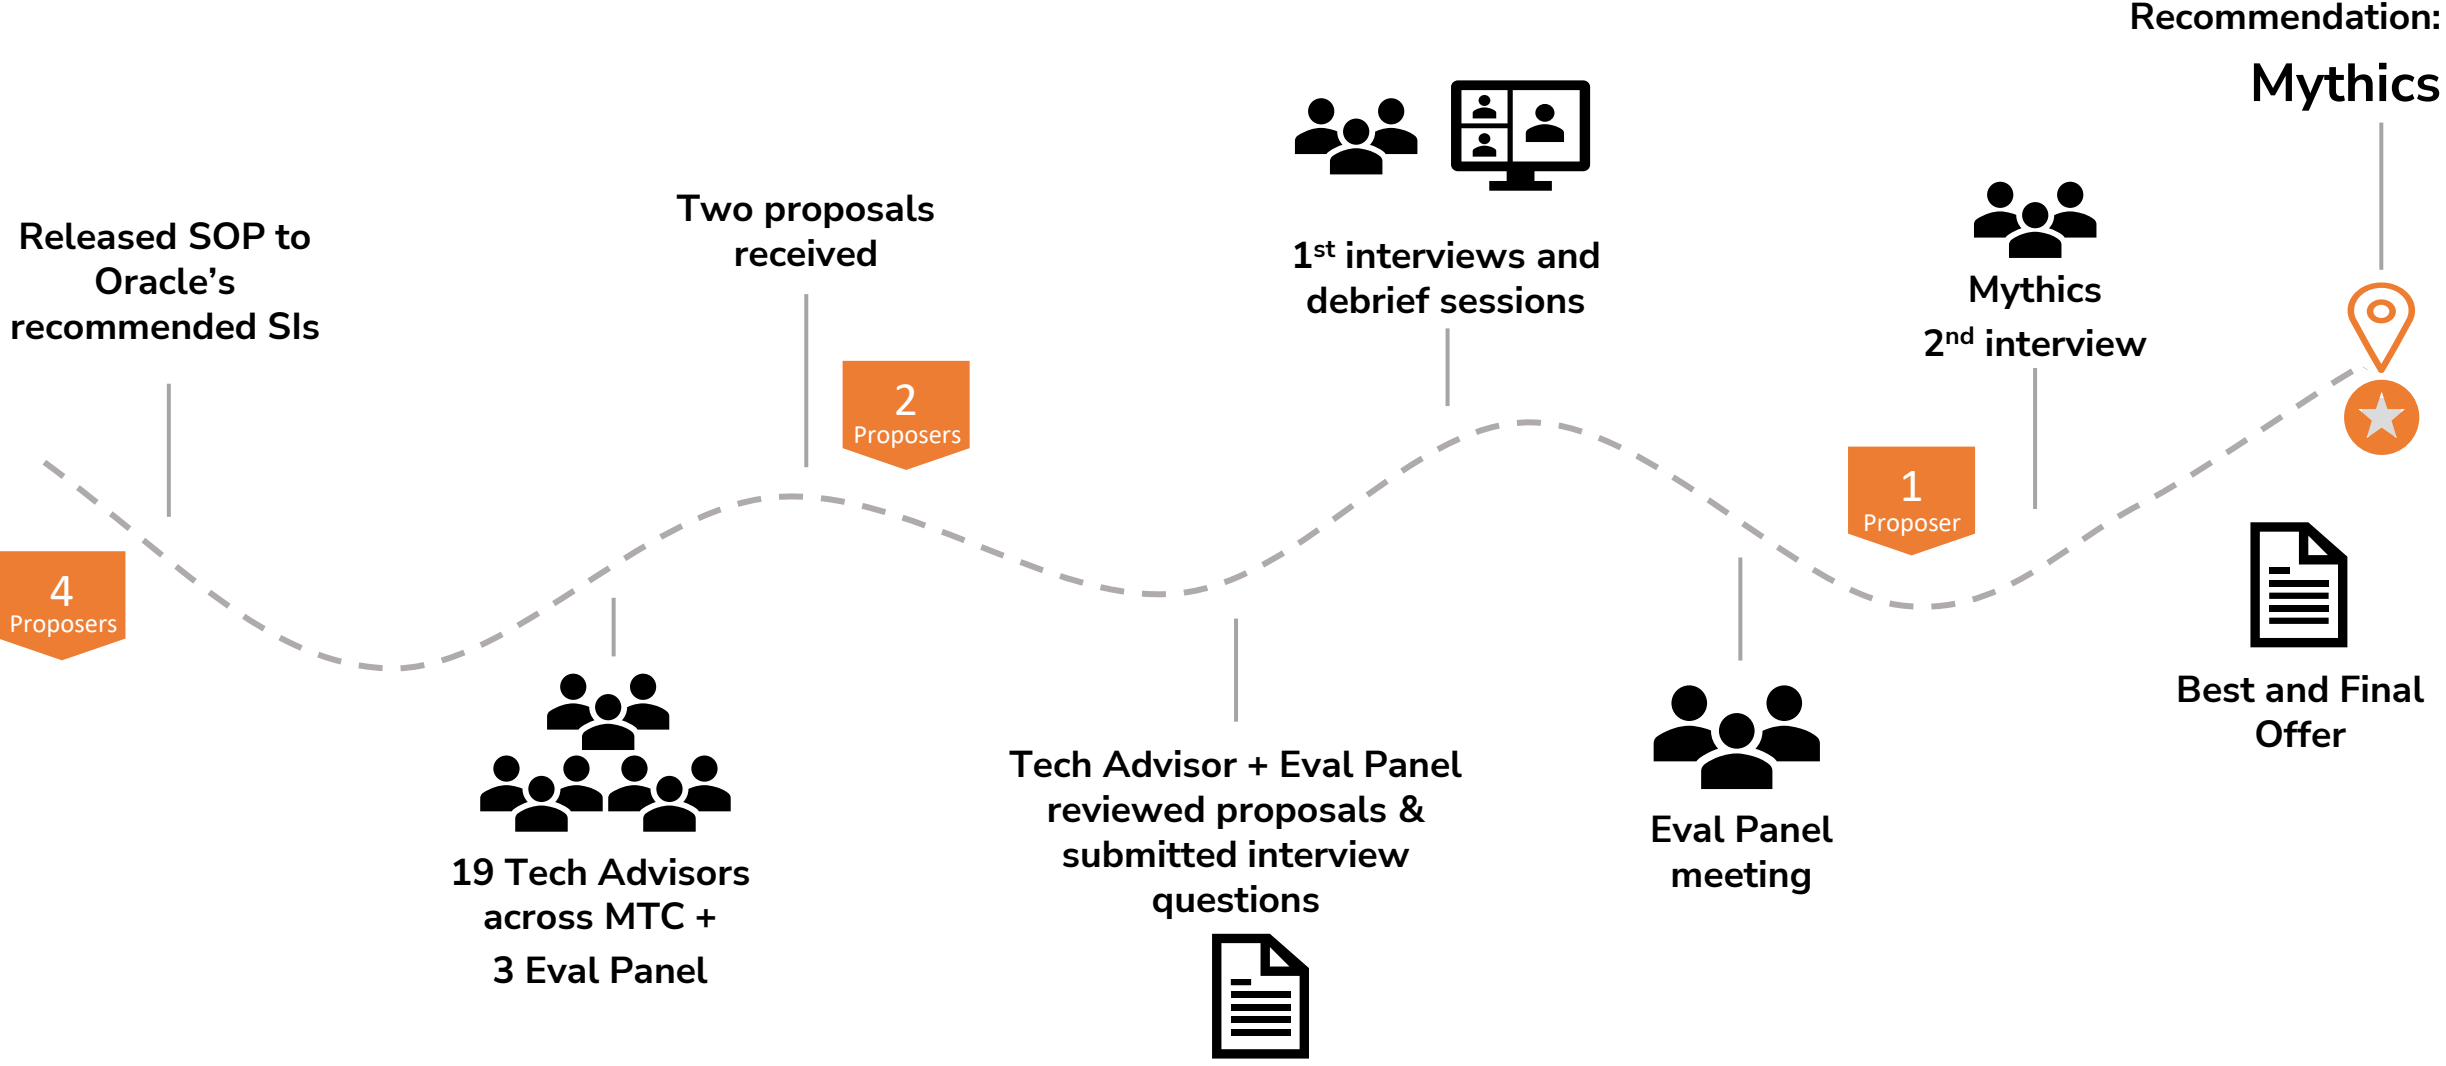

## Approach

- Requested Oracle's recommended System Integrators with public sector experience to **identify the most qualified System Integrators**
- Used a Group Purchasing Organization (GPO) with a Solicitation of Proposals (SOP) to **ensure a flexible, timely, competitive, and thorough process.**

## Result

- ✓ Oracle recommended four System Integrators
- ✓ Two SI firms provided proposals and were interviewed

# System Integrator Procurement Process

Mar 2024

Apr 2024

May 2024

June 2024
