September 10, 2025 **Agenda Item 2b-25-1036**

MTC Resolution No. 4646, Revised

Subject:

2025 Transportation Improvement Program (TIP) Amendments 2025-18 (Agenda Item 2b.i) and 2025-19 (Agenda Item 2b.ii).

Background:

The TIP is a comprehensive listing of San Francisco Bay Area surface transportation projects that are federally funded, require a federal action, or are considered regionally significant for air quality purposes. The 2025 TIP works to implement the priorities established in MTC's long-range transportation plan, *Plan Bay Area 2050*. The TIP is posted on MTC's website at: https://mtc.ca.gov/funding/transportation-improvement-program-tip.

The 2025 TIP covers the four-year period from federal fiscal year (FY) 2024-25 through 2027-28. The MTC Commission adopted the 2025 TIP on September 25, 2024, and the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) approved MTC's 2025 TIP on December 16, 2024. The TIP is updated every two years, as required by state statute, and is revised as needed through amendments or administrative modifications.

Agenda Item 2b.i – Amendment 2025-18

Amendment 2025-18 revises three projects, with a net funding increase of $986.7 million. This revision makes the following changes:

- Revises the scope and funding plan of two projects with FTA 5339 discretionary grants.
- Revises the funding plan of the Golden Gate Bridge Seismic Retrofit Phase 3B project to add $993.6 million in Other Local funds outside of the four-year TIP period.

The revisions made pursuant to this amendment will not change the air quality conformity finding; therefore, a conformity determination is not required.

The TIP public participation process, including this amendment notice, serves to satisfy the public involvement requirements of the FTA annual Program of Projects (POP) for applicable funds. Public notice of public participation activities and time established for public review of and comments on the TIP will satisfy the FTA Section 5307 POP requirements.

Agenda Item 2b.ii – Amendment 2025-19

Amendment 2025-19 adds or revises 28 projects, with a net funding increase of approximately $124.1 million. Among other changes, this revision:

- Adds 15 new projects and updates three existing projects with regional Surface Transportation Block Grant/Congestion Mitigation and Air Quality Improvement Program (STP/CMAQ), Transit Capital Priorities (TCP), and regional Carbon Reduction Program (CRP) funds;
- Adds two new projects and updates one existing project with Rebuilding American Infrastructure with Sustainability and Equity (RAISE), Community Project Funding/Congressionally Directed Spending (CPFCDS), and Railroad Crossing Elimination (RCE) program funds;
- Adds four new projects and updates one existing project with Active Transportation Program (ATP) funds; and
- Adds two new locally-funded projects.

The revisions made pursuant to this amendment will not change the air quality conformity finding; therefore, a conformity determination is not required.

The TIP public participation process, including this amendment notice, serves to satisfy the public involvement requirements of the FTA annual Program of Projects (POP) for applicable funds. Public notice of public participation activities and time established for public review of and comments on the TIP will satisfy the FTA Section 5307 POP requirements.

The TIP Revision Summary for both amendments are attached and posted at: https://mtc.ca.gov/funding/transportation-improvement-program/2025-tip/2025-tip-revisions.

Staff will transmit these amendments to Caltrans after Commission approval. Caltrans will then forward the amendment to FTA and FHWA for final federal agency review and approval.

Issues:

Amendment 2025-18 includes three projects with federal discretionary grants that are subject to lapse if not obligated by September 30, 2025. MTC staff are seeking approval of Amendment

2025-18 at a special Commission meeting on September 10th, to facilitate expedited state and federal approval prior to September 30, 2025.

Recommendations:

Refer MTC Resolution No. 4646, Revised, for TIP Amendments 2025-18 and 2025-19, to the Commission for approval.

METROPOLITAN TRANSPORTATION COMMISSION
RESOLUTION NO. 4646

WHEREAS, the Metropolitan Transportation Commission (MTC) is the regional transportation planning agency for the San Francisco Bay Area pursuant to California Government Code Section 66500 et seq.; and

WHEREAS, MTC is the federally designated Metropolitan Planning Organization (MPO), pursuant to Section 134(d) of Title 23 of the United States Code (USC) for the nine-county San Francisco Bay Area region (the region); and

WHEREAS, Title 23 Code of Federal Regulations Part 450 (23 CFR §450) requires the region to carry out a continuing, cooperative and comprehensive transportation planning process as a condition to the receipt of federal assistance to develop and update at least every four years, a Transportation Improvement Program (TIP) consisting of a comprehensive listing of transportation projects that receive federal funds, are subject to a federally required action, or are regionally significant; and

WHEREAS, Section 65074 of the California Government Code requires all state MPOs to update their TIPs concurrently every even year; and

WHEREAS, the TIP must be consistent with the Regional Transportation Plan (RTP) adopted pursuant to Government Code Section 66508, the State Implementation Plan (SIP) as required by the federal Clean Air Act (42 U.S.C. Section 7401 et seq.); and the San Francisco Bay Area Transportation Air Quality Conformity Protocol (MTC Resolution 3757, Revised), which establish the Air Quality Conformity Procedures for MTC's TIP and RTP; and

WHEREAS, federal regulations (23 CFR §450.326(k)) require that the TIP be financially constrained, by year, to reasonable estimates of available federal and state transportation funds; and

WHEREAS, federal regulations (23 CFR §450.326) require that the TIP be designed such that once implemented, it makes progress toward achieving the performance targets established under §450.306(d) and that the TIP shall include, to the maximum extent practicable, a description of the anticipated effect of the TIP toward achieving the performance targets identified in the metropolitan transportation plan, linking investment priorities to those performance targets; and

WHEREAS, federal regulations (23 CFR §450.316) require that the MPO develop and use a documented public participation plan that defines a process for providing citizens, affected public agencies and interested parties with reasonable opportunities to be involved in the metropolitan transportation planning process; and

WHEREAS, federal regulations (23 CFR §450.332(a)) allow MTC to move projects between years in the first four years of the TIP without a TIP amendment, if Expedited Project Selection Procedures (EPSP) are adopted to ensure such shifts are consistent with the required year by year financial constraints; and

WHEREAS, MTC, the State, and public transportation operators within the region have developed and implemented EPSP for the federal TIP as required by Federal Regulations (23 CFR 450.332(a)) and Section 134 of Title 23 United States Code (USC §134), as outlined in Attachment A to this Resolution, and MTC Resolution 3606, Revised; and

WHEREAS, MTC has found in MTC Resolution No. 4645 that the 2025 TIP, as set forth in this resolution, conforms to the applicable provisions of the SIP for the San Francisco Bay Area; and

WHEREAS, the San Francisco Bay Area air basin was designated by U.S. Environmental Protection Agency as nonattainment for the fine particulate matter (PM2.5) standard in December 2009, and MTC must demonstrate conformance to this standard through an interim emissions test until a PM2.5 SIP is approved by the federal Environmental Protection Agency (U.S. EPA); and

WHEREAS, federal regulations (23 CFR §667) encourage MPOs to consider evaluations of facilities repeatedly requiring repair and reconstruction due to emergency events when developing transportation plans and programs, including the TIP; now, therefore be it

RESOLVED, that MTC adopts the 2025 TIP, attached hereto as Attachment A and incorporated herein as though set forth at length; and be it further
